Senior Software Engineer with 7+ years of experience designing enterprise integrations and API platforms. Lead engineer for the Shopify Connector for Dynamics 365 Business Central, serving 8,000+ merchants, and application architect for Business Central's MCP Server. Specialized in GraphQL, OData, Dataverse, ERP integrations, and agent-ready enterprise systems.

EXPERIENCE

MICROSOFT | SENIOR SOFTWARE ENGINEER

September 2023 – Present | Copenhagen, Denmark

- Lead architecture and development of the Shopify Connector for Business Central using GraphQL, growing it from concept to a Shopify-trusted ERP partner app serving 8,000+ active merchants.
- Designed and implemented the application layer of Business Central's Model Context Protocol (MCP) Server, including configuration, access control, tools, and evaluation frameworks for secure agent access to ERP capabilities.
- Own end-to-end integrations between Business Central and Shopify, Dataverse, Microsoft 365, and Dynamics 365. Partner with Shopify's engineering team and represent the connector at conferences and partner events.

SOFTWARE ENGINEER II

September 2021 – September 2023 | Copenhagen, Denmark

- Led Business Central integrations with Dataverse and Dynamics 365 Sales, delivering bidirectional synchronization, virtual-table support, and an extensible synchronization engine.

SOFTWARE ENGINEER

June 2019 – September 2021 | Copenhagen, Denmark

- Implemented Business Central API v2.0 on OData, improving API consistency, scalability, and the third-party developer experience.

STUDENT WORKER

December 2018 – June 2019 | Copenhagen, Denmark

RESEARCH

TECHNICAL UNIVERSITY OF DENMARK | MSc STUDENT

Jan 2019 – July 2019 | Copenhagen, Denmark

Master's thesis: **Pipeline for Analyzing and Visualizing Eye Tracking Data.**

Developed a real-time pipeline with **Per Bækgaard** that generated live attention maps and scanpaths from streaming eye-tracking data.

TRINITY COLLEGE DUBLIN | RESEARCH INTERN

July 2016 – August 2016 | Dublin, Ireland

Developed a Yesod application with **Stephen Barrett** that automated SonarQube analysis of GitHub projects for comparative software-quality research.

EDUCATION

TECHNICAL UNIVERSITY OF DENMARK

M.Sc. IN COMPUTER SCIENCE AND ENGINEERING

June 2019 | Copenhagen, Denmark

TEV Garring Foundation Scholarship

3.62 / 4.0

MIDDLE EAST TECHNICAL UNIVERSITY

B.Sc. IN COMPUTER ENGINEERING

June 2017 | Ankara, Türkiye

Honors Degree

SKILLS

LANGUAGES

C# • AL • Python • TypeScript

APIS & INTEGRATION

GraphQL • REST • OData • MCP

PLATFORMS

Business Central • Shopify • Dataverse • Azure • Entra ID • Dynamics 365

ARCHITECTURE

Integration Architecture • ERP Systems • Agent Evaluation
